BRN CEUs are provided by Contra Costa Health Services. Continuing education units will be offered based on attending ALL four (4.0) hours of instruction. ***Certificates for BRN CEUs will be mailed to participants after receipt of the mailed BRN CEU evaluation form by Contra Costa Health Services. BRN CEU evaluation forms will be emailed to attendees after the event.***

Four (4.0) hours of CEUs for laboratorians are provided by Kaiser Permanente Northern California Regional Laboratory Accrediting Agency #0013, as approved by California State Department of Public Health, Laboratory Field Services Branch.

- **4 Lab CEU's are available if and only if you attend the full symposium (all 4 talks). There will be no partial units.**
- **A link to the electronic evaluation will be available after the last speaker.**
- **To receive Lab CEU's attendees must complete an evaluation.**
 - **The evaluation must include your name, email address and license number**
 - **CEU Certificates will be emailed to the email address on the evaluation**

The **California Emerging Infections Program (CEIP)**, a Program of Public Health Foundation Enterprises, Inc., is a joint project of the California Department of Public Health, UC Berkeley School of Public Health, and Centers for Disease Control and Prevention, in collaboration with the Alameda County Health Care Services Agency, San Francisco Department of Public Health, Contra Costa County Health Services Department, and the City of Berkeley Health and Human Services Department.
